Work History

2017-07 - Current

Web Developer

Elite Web Growth, Henderson, NV

- Designed, implemented and monitored web pages and sites for continuous improvement. Worked with countless clients to improve their website look, performance, and overall results.
- Implemented Google and Facebook Campaigns and SEO for various types of websites to bring clients new customers and visitors to site.
- Converted mock-ups by clients into HTML, JavaScript, AJAX and JSON, resulting in over 30 complete website and landing page creations.
- Used programming capabilities in PHP, SQL and JavaScript and other libraries as needed to fulfill clients needs.
- Implemented website and integrated solutions into business operations to improve the overall fluidity of website and business management.
- Determined coding requirements for site creation, including e-commerce capability and specialized scripts, then worked with clients to produce the most cost efficient website possible.

2015-02 - Current

Web Developer

Stoker Enterprises LLC, Henderson, NV

- Built and managed 3 complete online eCommerce stores, over 30 landing pages, and an Amazon store.
- Utilized efficient and creative SEO and website practices to produce \$30,000 in year 1 revenue with a sub \$500 yearly marketing budget.
- Slashed overall costs to maintain yearly profit every year of company existence.
- Designed, implemented and monitored web pages and sites for continuous improvement by utilizing customer feedback to produce the best results.
- Developed page layouts and navigation tools that met or exceeded user expectations and allowed for nearly full automation of all website activities and sales.
